

Large Rocket Scheme - Data Capture

Project Details

Source - kit or scratch ?	
Total rocket length.	
Rocket diameter (s)	
Total rocket weight (include everything except the motor weight)	
Flight number.	
Avionics description.	
Recovery actuation description.	
Motor type.	
Method of ignition.	
Launcher type - rod, rail or tower ?	
Stability margin - including how calculated.	
Calculated altitude - including how calculated.	
Calculated velocity - including how calculated.	
Estimated maximum recovery range.	
Pre-flight assembly plan - including any tests to be completed on site.	
Launch sequence operations.	

Large Rocket Scheme - Data Capture

Project Flight

Location:		
Proposed Date:		
CAA Authority:		
Local ATC Contacts:		
Ceiling:		
Site Used for Level 3 Flights?	Yes/No	
Range Size:		
Minimal Distance for Spectators		
Minimal Distance for Flyers		
Can These be Safely Met on This Site?	Yes/No
